if you do not have any shots to hit or you are sure that there is no way one of your balls could be potted then hit one of your balls to nullify your opponent s chances do this by moving their most obvious shots away from the potholes or land in a place where they cannot be hit properly

with the basic cue once you line up your cue ball with the ball your are targeting very short lines will appear to show you in what direction the target ball will roll a simple cheat to give yourself a little better aim is to have a small piece of paper post it note or anything with a straight edge nearby once your shot is lined up hold the straight edge between the aiming lines and the pocket you want to sink to have a better idea if your aim is accurate just make sure to do this quickly because the clock is still ticking

cara ini yaitu menggunakan aplikasi tambahan yang bernama bankshooter atau aim4line kamu cukup menginstallnya saja dan menjalankan fungsinya dapat digunakan untuk pengguna android yang belum root non root
