so it s true the only itens missing are queen sigma s weapons but i need to complete the collection to unlock her this is a huge problem since it makes it impossible to progress in the game i ll have to wait for a patch

today we honor those who have fought and fallen for freedom in memory of these heroes we re running the 50v50 mode ultimate sacrifice for a week and the classic legendary skin chromesis will be available for 50 off until friday 7 2 1p pst

for all the arcade game fans we have brought a new game called survivor io a zombie killer that is a little similar to the centipede the goal is to survive 15 minutes from the horde of zombies that comes at you the hard part is as time passes the number of zombies comes after you at a faster speed in great numbers and you have to avoid getting pinged down by killing everything

the one difference between them as you ve probably guessed is the way it s monetized survivor io is a gachapan game that requires players to spend real money to open loot boxes filled with upgrade materials this isn t unique to survivor io either of course this kind of monetization has been used in countless mobile games and survivor io isn t doing anything novel with it all habby did was lift luca galante s work and slam it into a slot machine now it s making millions

as we said earlier in this survivor io beginner guide the main goal is to survive for 15 minutes in the beginning the zombie count and their speed are reasonably easy to avoid but as the time you survive in the field increases the faster and tougher zombies will come out
