the man i had a one night stand with is the ceo romantic relationships between employees are strictly forbidden karina s chaotic love life starts when she lands her dream job only to fall in love with her colleague on the first day things get more complicated when the ceo finds out about her forbidden relationship drunk and heartbroken

karina spends a steamy night with a stranger only to find out that it is her devil ceo boss karina navigates the complicated web of lust and lies with her unwavering determination to reach her career goals what will happen to karina and her love life when the devil ceo demands that she becomes his personal secretary

3 years ago i faked a pregnancy to steal half a million dollars from my mate i felt as if i didn t have any other choice as i had to pay my brother s ransom or let him die now i would rather die than spend another day being treated with icy bitter resentment my name is rachel flores and i rejected my alpha mate because i m ready to live not just survive who are you i came awake with a jerk disoriented and aching all over a heavy male body lay beside me we were both naked except for the sheet covering our bodies embarrassment stained my skin bright red i searched my memories of the night before trying to figure out how i had gotten here while attempting to wrap the sheet around my body i stopped when i realized i d leave my bed partner totally nude my skin felt too hot and too tight as i tried to work out how to get myself out of the situation i wasn t used to being around naked men even if i was a werewolf we cared about propriety no matter what humans thought i remembered myself saying over and over i m your mate i eased myself off the bed to look for clothes i tried to be as quiet as i could so i didn t wake up the stranger i didn t take the sheet to spare his decency instead sacrificing my own modesty i d rather be caught naked than have to face a naked man i d evidently seduced with all the subtlety of a bitch in heat his scent was all over me all over everything really rich and masculine

amy didn t expect that her husband whom she had loved and trusted earnestly for many years would be cheating on her by having sex with his secretary when she confronted him he and his secretary mocked and ridiculed her they called her barren to her face after all she had not conceived for the past three years that she had been married to her husband callan terribly heartbroken she filed for divorce and left to the club she picked a random gigolo had a hot one night stand with him paid him and disappeared to a small city she came back to the country six years later with three identical cute boys and three identical cute girls of the same age she settled and got a job but soon find out that her ceo was the gigolo she had sex with six years back at the club will she be able to hide her six little cuties from her ceo who happens to be the most powerful man in northhill and believed to be infertile can amy and the most powerful man in northhill get along considering the social gap between them

don t make me repeat myself twice part those legs for me bunny his deep voice which always sends my brain reeling due to how silky it sounds washed over me slowly as he murmured quietly against my throat i tried to point out to him that there was no way i d be able to do as told with his legs still pinning mine down but the words died down in my throat when he sucked the skin over my beating pulse into his mouth go on you want to be good for me don t you i i do i choked out letting out a breathy whimper when he wrapped his free hand around my throat and squeezed on it a little forced to marry the ruthless mafia lord whom everyone was afraid of at the age of eighteen sofia had no other choice but to follow her father s wishes like a dutiful daughter was supposed to while luca ricci only took a wife because he wasn t getting any younger at the age of thirty three she was the angel to his demons the light to his darkness the innocence to his sins he wanted to protect her since the moment he locked eyes with hers on their wedding day and saw the amount of fright brewing in it he wanted to make her good for him to mark her as his with his handprints on her ass and his cum dripping off her face to own her completely to wrap his hand around her throat and do so many sinful things to her body but he was the mafia lord and danger just seems to be lurking around him wherever he goes and in whatever he does he must protect his wife at all costs

mature content 18 i hate you angelina cried out while beating his chest with her hands danzel just smirked at her little attempt he lowered himself until he could feel the fear from her breaths and said oh my love you can hate as much as you want it doesn t affect me either way but one thing you get straight into that brain of yours is that there is no escape from me i am your biggest nightmare angelina s eyes widened in fear but little did she know that she was just waking up the dead feelings in his heart contains sexual scenes abusive language and explicit scenes

i had been a reader since childhood but has stopped when i was already working it was now in my senior years that the passion for reading came back i happen to browse at this website and started reading when his eyes opened i like how it was written but the idea of buying coins that will give you some chapters to go on reading and then buy

another set of coins and so on just don't encourage me for just one book or novel this will cost the reader so much just to finish reading the book more expensive than buying a book at the store or on line per se i would rather suggest to put a price on each book published so as the reader would know if she would want to buy and start reading another idea is by subscription if a reader will subscribe to your website it will entitle her him to read all the books available for a certain period of time say a year or maybe a lifetime subscriber payment for subscription will be bi annually so as to give the reader the chance to continue or just avail of it for just 6 months if she is not interested anymore subscription price must be affordable so as to entice a lot of readers while this your own method of charging the reader for some chapters will only discourage the reader to continue reading i for one can sacrifice not finishing reading the book if the charges is too much for the reader doesn't have any idea how much will cost her in finishing reading the book
