each one of them had signed into their account on the other s ps4 console for some reason and was playing the game after around two minutes into a game they both got kicked and they received premium currency for free right then

**here you have to buy an in game battle pass that costs 950 coins you can earn coins by the above methods and get into the battle pass after you manage to reach the 97th level you will earn 1000 apex coins back you also get free rewards apex coins etc**

**neither ea nor respawn entertainment have yet to comment it is strange since it has been possible for potentially months now but we do expect it to be fixed eventually once it is brought to the developer s attention**

as a matter of fact there are various ways through which you can earn apex coins for free and here you will get to know about these methods in brief so start checking out these methods through the next section

there was even a thread from several months back where a player received an uncanny 75 000 apex coins for free in the game they contacted ea support and was told that it was fine they used the currency to purchase whatever they wanted in the game

since you are in search of free apex coins you must have run into free apex coin generators or no human verification sites however these sites are mostly fake and make you fall for their tricks and ask you to install ambiguous apps and complete surveys but do not reward you with any coins

many times a lot of youtubers launch giveaways for their subscribers a lot of youtubers who are into the gaming niche launch some giveaways sometimes they come up with various gaming currencies and if you are lucky enough you can also get apex coins for free
